AUGUST NEWSLETTER

NEW PRODUCT:

YANMAR VI045'S

Plantforce are pleased to unveil a new addition to our fleet, the Yanmar Vi045 Zero Tail Swing Mini Excavator.

With maximum all round visibility and excellent weight distribution this machine can work in the narrow areas where a conventional machine may not fit. The VICTAS® system (patented by Yanmar) increases stability and lifting capacity as well as reducing ground damage and track wear. The operator's comfort and safety is also a key feature with benefits including a modern, user-friendly instrument panel that gives an instant warning to the operator of any problems that may occur.

These machines are available to rent now!
Please give us a call for prices on 07000 606 606

DUMPER SPECIAL OFFER!

We stock a large range of dumpers from 5 tonne up to 10 tonne, Swivel Skip & Straight Tip.
